MARVELOUS CURE BY CUTICURA REMEDIES

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies,—all to no avail.

"A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eczenn all that time, and suffering untold misery. I began to use all three of the Cuticum Remedies; the Cuticum Soap helped as well as the Cintment. He was botter in two months; in six menths be was well; but I gave him the Cuticum Resolvent. but I gave him the Cuticura Resolvent one year, — using twelve bottles, I think, — and always used the Cuticura Soap for bathing, and do now a good deal.
